Canning Fok, (Chairman)
Christian Salbaing (Deputy Chairman)

Mr Li Ka-shing is the Senior Advisor of CK Asset Holdings Limited and CK Holdings Limited since 10 May 2018.

Prior to his current position, Mr Li had been Chairman of the two companies and, for the past 46 years, he has led the CK Group as Chairman on a steady path of diversification and globalization through organic growth, mergers and acquisitions, and timely strategic reviews and reorganizations at appropriate junctures in order to maximize value and returns for shareholders.

Mr Li was born in 1928 in Chiu Chow, China. Mr Li was forced to quit school when he was 12 and fled to Hong Kong with his family to avoid the perils of war. Shortly thereafter, his father suffered from tuberculosis and passed away in Hong Kong. Before he was 15, Mr Li had to shoulder the responsibility of providing for his family and found a job in a plastics trading company where he labored 16 hours a day.

Around 1950, his hard work, prudence and his pursuit of excellence had enabled him to start his own company, Cheung Kong Industries.

From manufacturing plastics, Mr Li led and developed his company into a leading real estate investment company in Hong Kong that was listed on the Hong Kong Stock Exchange in 1972. Cheung Kong continued to expand by acquiring Hutchison Whampoa and Hongkong Electric Holdings Limited (renamed Power Assets Holdings Limited) in 1979 and 1985 respectively.

With roots in Hong Kong, the CK Group's businesses now span the globe, encompassing such diverse areas as ports and related services, retail, infrastructure, energy, telecommunications, property development and investment, hotel and serviced suite operation, property and project management, aircraft leasing and life sciences. Mr Li is a strong believer in synergy—the power of combined efforts. This belief is reflected in his naming his company Cheung Kong after the Yangtze River that flows through China, a great river that aggregates countless streams and tributaries. The Times in the United Kingdom and Ernst & Young UK jointly named Mr Li as the Entrepreneur of the Millennium at the turn of the century.

Mr Li is convinced that everyone can be a benefit for society. But only those who are prepared to give it their all can contribute to society's development. In 1980, he founded the Li Ka Shing Foundation (LKSF) which has invested more than 20 billion HK dollars in various social projects in 27 countries until this day. Furthermore, Mr Li founded Shantou University in Shantou, China, in 1981 with the aim of helping the Chinese education system thrive.

Mr Li has two sons. The elder son, Victor, now serves as Chairman and Group Co-Managing Director of CK Hutchison Holdings Limited, Chairman and Managing Director of CK Asset Holdings Limited, and Chairman of CK Infrastructure Holdings Limited and CK Life Sciences Int'l., (Holdings) Inc. Mr Li's younger son, Richard, is Chairman of PCCW, one of Asia's leading information technology and telecommunications companies.
